

SELECTBIO

SelectBIO Rotterdam June 2024 Conference – Hilton Rotterdam
Monday, 24 June 2024 – Conference Day 1 – Agenda-at-a-Glance

Agenda Up-to-date as of Sunday, 19-May-2024

07:30 Conference Registration, Materials Pick-Up, Coffee and Networking

Session Title: **Conference Opening Plenary Session – Lab-on-a-Chip/Microfluidics Track**
Session Chairs: Dr. Claudia Gärtner, CEO, microfluidic Chip Shop GmbH, Germany
 Prof. Dr. Nicole Pamme, Professor, Stockholm University, Sweden
Session Venue: **Coolsingel Room**
 08:30 Welcome and Introduction to the Conference by Chairpersons

09:00 Andrew DeMello, Professor of Biochemical Engineering & Institute Chair, ETH Zürich, Switzerland

09:30 Lorena Diéguez, Leader of the Medical Devices Research Group, INL-International Iberian Nanotechnology Laboratory, Portugal

10:00 Valérie Taly, CNRS Research Director, Professor and Group Leader. Translational Research & Microfluidics, Université Paris Cité, France

10:30 Mid-Morning Coffee Break and Networking in the Exhibit Hall

11:00 Elisabeth Verpoorte, Chair of Analytical Chemistry and Pharmaceutical Analysis, University of Groningen, The Netherlands

11:30 Rosanne Guijt, Deakin University, Australia

12:00 Martyn Boutelle, Professor of Biological Sensors Engineering, Imperial College London, United Kingdom

12:30 Maiwenn Kersaudy-Kerhoas, Professor of Microfluidic Engineering, Heriot-Watt University, United Kingdom

13:00 Networking Buffet Lunch in the Exhibit Hall – Network with Exhibitors and View Posters – Venue: Exhibit Hall

	Extracellular Vesicles and Circulating Biomarkers Europe Track Chair: Professor Dr. Dominique de Kleijn Venue: Conrad Room	Organoids, Spheroids and Organs-on-Chips Europe Track Chair: Dr. Claudia Gärtner Venue: Coolsingel Room
14:00	Danilo Tagle, Director, Office of Special Initiatives, National Center for Advancing	Shuichi Takayama, Professor Georgia Research Alliance Eminent Scholar, Georgia

	Translational Sciences (NCATS), NIH, United States of America	Institute of Technology & Emory University School of Medicine, United States of America
14:30	Raymond Schiffelers, Professor of Nanomedicine, University Medical Center Utrecht, The Netherlands	Dasja Pajkrt, Professor of Viral Pediatric Infectious Diseases, Amsterdam University Medicine Center, Head OrganovIR Labs, The Netherlands
15:00	Particle Metrix Technology Spotlight Presentation, Germany	Simona Mura, Full Professor, Université Paris-Saclay, France
15:30	NanoFCM Technology Spotlight Presentation, United Kingdom	Giacomo Domenici, Instituto de Biologia Experimental e Tecnologia (iBET), Portugal
16:00	Late-Afternoon Coffee Break and Networking in the Exhibit Hall	
16:30	Sai Kiang Lim, Research Director, A*STAR, Singapore	Dik van Gent, Associate Professor, Erasmus Medical Center, The Netherlands
17:00	Mario Gimona, Head of Manufacturing-GMP Unit, Paracelsus Medical University Salzburg, Austria	Magdalena Lorenowicz, Head of the Advanced In Vitro Model Systems Dept, Biomedical Primate Research Center, The Netherlands
17:30	Marcin Jurga, Chief Scientific Officer, EXO Biologics SA, Belgium	Marcel Karperien, Professor, University of Twente, The Netherlands
18:00	Technology Spotlight Presentation	Claudia Gärtner, CEO, microfluidic ChipShop GmbH

18:30 Networking Reception with Dutch Beers and French Wine Tasting Sponsored by Kloé: Engage and Network with Colleagues, Engage with Exhibitors and View Posters – Venue is the Exhibit Hall, Hilton Rotterdam

20:00	Close of Conference Day 1 Programming	
-------	---------------------------------------	--

SelectBIO Rotterdam June 2024 Conference – Hilton Rotterdam
Tuesday, 25 June 2024 – Conference Day 2 – Agenda-at-a-Glance

Agenda Up-to-date as of Sunday, 19-May-2024

08:00 Morning Coffee and Networking in the Exhibit Hall

	Lab-on-a-Chip and Microfluidics Europe Track Chair: Dr. Claudia Gärtner Venue: Coolsingel Room	Organoids and Spheroids Europe Track Venue: Conrad Room
	Session Title: Companies and Technologies in the Lab-on-a-Chip and Microfluidics Field 2024	Session Title: Technology Trends and Advances in Organoids, Spheroids, and Organs-on-Chips 2024
08:30-08:50	Rafael Santos, Director of Technical Sales, Vitrion (LPKF Laser & Electronics SE), Germany	
08:50-09:10	Barbara Corelli, Technical Sales Engineer, Elvsys, France	
09:00-09:30		Stefano Da Sacco, Assistant Professor of Urology, Keck School of Medicine, University of Southern California, United States of America
09:10-09:30	Kloé Technology Spotlight Presentation	
09:30-10:00		Yan Yan Shery Huang, Professor of Bioengineering, University of Cambridge, United Kingdom
09:30-09:50	z-microsystem Technology Spotlight Presentation	
10:00-10:30		Mark Bradley, Professor of Therapeutic Innovation, Queen Mary University of London, United States of America
09:50-10:10	ASIGA Technology Spotlight Presentation	
10:10-10:30	Iris Prinz, Head of Sales & Business Development, STRATEC Consumables GmbH, Austria	
10:30-11:00	Mid-Morning Coffee Break and Networking in the Exhibit Hall	

11:00	Nan Zhang, Associate Professor, University College Dublin, Ireland	Noo Li Jeon, Professor, Seoul National University, Republic of Korea
11:30	Gregory Nordin, Professor, Brigham Young University, United States of America	Martin Frauenlob, Scientist, Cell Chip Group, TU-Vienna, Austria
12:00		Rebecca Pompano, Associate Professor, University of Virginia, United States of America

12:30	Networking Buffet Lunch in the Exhibit Hall – Meet Exhibitors and View Posters – Venue: Exhibit Hall	
-------	--	--

	Circulating Biomarkers, Extracellular Vesicles Europe Track Chair: Prof. Terry Morgan Venue: Conrad Room	Point-of-Care, Biosensors and Rapid Diagnostics Europe Track Venue: Coolsingel Room Chair: Prof. Dr. Nicole Pamme
	Session Title: EVs: Technologies and Biological Investigations	Session Title: Emerging Technologies and Themes in the Point-of-Care and Rapid Diagnostics Field
13:30	Terry Morgan, Professor, Oregon Health & Sciences University, United States of America	Wouter Geurts, Business Development Manager - FILMS, TEKNI-PLEX, Belgium
14:00	Andreas Wicovsky, Sr. Global Market Development Manager Research Flow Cytometry, Beckman Coulter Life Sciences	Nicole Pamme, Professor in Analytical Chemistry, Stockholm University, Sweden
14:30	Valérie Taly, CNRS Research Director, Professor and Group Leader, Translational Research & Microfluidics, Université Paris Cité, France	Ines Antunes, Science Coordinator, European Space Agency (ESA), The Netherlands
15:00	Mid-Afternoon Coffee Break and Networking in the Exhibit Hall	
15:30		Best Poster Awards – Sponsored by <i>Lab-on-a-Chip Journal</i>, Royal Society of Chemistry (RSC), United Kingdom

		Three Poster Awards Given out – 100€ in Cash Per Award
16:00		Ayelen Tayagui, Research Fellow, University of Canterbury, New Zealand
16:30		Maud Linssen, Eindhoven University of Technology (TU/E), The Netherlands
17:00		César Pascual Garcia, Technology & Innovation Manager, Luxembourg Institute of Science and Technology, Luxembourg
17:30		Erik Vollebregt, Partner, Axon Lawyers, The Netherlands
18:00		Gayathri R, PhD Scholar, IIT-Madras, India
18:30	Close of Conference
